

**Non-Disclosure Agreement – OECD/NEA Oskarshamn-2 (O2)
BWR Stability Benchmark for Coupled Code Calculations and Uncertainty Analysis in
Modelling**

The undersigned may, when working on the Oskarshamn-2 benchmark study come into contact with or obtain knowledge of confidential information of a technical, commercial or other nature, which OKG wishes to protect with respect to its responsibility towards society, the E.ON-group, business relations, shareholders and individuals.

Thus, the undersigned undertakes to:

- neither during nor after co-operation with OKG use such information or documentation for any purpose other than to participate in the Oskarshamn-2 benchmark study.
- use the information exclusively for model and code improvements for BWR plant simulations including uncertainty analyses in modelling.
- not to make copies of the information and not to reveal to any unauthorized third party not bound by similar undertakings as those provided herein such information without OKG's written consent in each individual case.
- provide feedback on deficiencies or errors they may find in the data.
- inform the benchmark organisers before publishing any study results for which the Oskarshamn-2 benchmark data have been used.

The undersigned is aware that any breach of this commitment of professional confidentiality may result in a liability to pay damages.

DISCLAIMER

Neither the Organisation for Economic Co-operation and Development (OECD) or any of its member countries, nor OKG, nor any person acting on behalf of any of these organisations, assume any liability for any direct, indirect, special or consequential damages in connection with or related to the use of any data and information disclosed by them.
